The Guide to Reading the Synoptic Gospels

Reading the Gospels

Reading a synopsis is very helpful for getting the order of the narrative clear. We can arrange the story in order - and this helps our memory and perception of Jesus words and works. It also makes clear the comparisons and contrasts of each Gospel writer concerning a particular passage.

But it has the disadvantage that we are unable to see the main themes of each author that we would see clearly if we read say, Mark, from start to finish in one sitting. And this is surely what each writer would have wanted when they wrote. They wanted us to read not so much, texts, paragraphs or sections. They intend that we read the Gospel - the whole book - as a unity. That way we see what the writer was getting at; we catch the presentation of Jesus "according to..." the writer we are reading.

To minimize this disadvantage, when it can be done, I have followed the sections of each writer more closely as a block. So the grey line overlaid on this overview will at least give us the sense of the different order of presentation seen in the different Gospel writers.

To present some results of study for the benefit of others means that we are always standing on the shoulders of those who have gone before us. In making this synopsis of the Gospels as a preparation for working through them use has been made of two well known texts:

- [a] Kurt Aland, Synopsis Quattuor Evangeliorum, Wurttembergische Bibelanstalt Stuttgart, 1967
- [b] H.F.D. Sparks, A Synopsis of the Gospels, Adam and Charles Black, London 1964.

The insertion of the material of the Gospel of John has been done to provide a parallel for reading the chronology. To see where things fit, and to make some effort to integrate the Johannine material is important. I have also made some changes in the order of events as Aland and Sparks present it. My reasons for doing so are stated in

When the synopsis follows one or more of the Gospels in the order of events; then the chapter number is printed in bold. In this way we can follow the order of a particular Gospel and see how, over the whole reading guide the order of the one is seen in respect of the others.
